

# Career Opportunities

## Senior Environmental Scientist

**Location: Cairns or Townsville, Queensland**

NRA Environmental Consultants, an independent Australian company with an excellent reputation for providing credible high quality services, employs dedicated environmental practitioners who use their expertise in natural resource management to provide practical solutions for our industry, resource and government clients. NRA was the 2009 Queensland Winner of the Telstra Sensis Social Responsibility Award.

Candidates should be self-motivated and have at least five years applied post-graduate experience. They should also have a keen interest in the application of their knowledge to environmental issues associated with the industrial and mining sectors.

Demonstrated experience in applied studies, problem solving, excellent technical report writing and communication skills, and a commitment to working as part of a professional team are required.

As part of our continuing development program we are looking for a Senior Environmental Scientist with tertiary qualifications in science and a particular interest in the discipline of fauna studies to join our team in Cairns and Townsville.

## Draftsperson

**Location: Cairns, Queensland**

The successful candidate will be able to maintain a high level of precision and competence in the disciplines of GIS, map production, data collection and maintenance. Experience with Mapinfo is essential and experience with Autocad will be highly regarded. Graduate students looking to kick-start their career in GIS are welcome to apply. The position will be based in our Cairns office

The **closing date** for applications is **Monday 12 July 2010**.

Position descriptions can be obtained by emailing Ted Tudor **ted@natres.com.au**. Conditions of employment will be discussed during the interview process.
